A note from our President... James Linehan

Dear Home Owner,

Your home is in an area that has been exposed to severe weather over the last few years. Because of this, you may be entitled to a new roof and/or a complete siding replacement at no cost to you except your insurance deductible. Most insurance companies have adjusters in this area right now doing storm damage inspections. These adjusters are approving new roofs, siding, windows, gutters and many other home exterior items. Now is the time to allow the Storm Guard Restoration insurance teams to work for you. Please call today to schedule a no obligation property inspection with one of our highly qualified claims representatives to document any damage you may have. The Storm Guard commitment is simple; **WE WILL TREAT YOUR HOME AS IF IT WERE OUR OWN!**

**Don't Leave Your Insurance
Rights Unprotected!**
